FOR THE

FISCAL YEAR 1901.

REPORT.

Office of State Board of Directors
of the
South Carolina Dispensary.

Columbia, S. C., January 1st, 1902.

To His Excellency, M. B. McSweeney, Governor of South Carolina:

We have the honor to submit to you, for your information and also that of the General Assembly, this our report of the business done by the Dispensary during the fiscal year closing November 30th, 1901.

Examination of the various accounts attached hereto, will show that the total amount of cost of liquors, wines and beer, etc., purchased during the year, has amounted to \$1,617,973.47, and that our gross sales have amounted to \$2,328,681.21, (exclusive of sales of fresh beer by beer dispensers).

The net profits (to the State) for account of the School Fund is \$120,962.25.

The net profits that have accrued to the counties and towns, divided equally, are, \$424,285.87, which makes a total net profit of \$545,248.12 for the year, on account of the School Fund and towns and counties.

We have for some time felt a serious need of more warehouse and office room, and also for a safe and commodious fire proof vault for the storage and preservation of our permanent records. Consequently, we have had constructed more storage capacity, and also a convenient two-story office building with a commodious and up-to-date fire proof vault, which has cost \$14,494.81, besides other petty improvements.

The Act approved Feb. 19th, 1900, forbids us to make more than 10 per cent. profit on account of the School Fund, and the past year we have made on that account in round figures 6 per cent., which leaves only a very small margin with which to run the business, and while it is true that the School Fund is considerable, amounting at present to \$611,354.38, it is available very slowly for payment to the schools, as that is our only working capital.

We are gratified to be able to show such a high percentage of net profits on the total business done, especially as the price of liquors have been very high on account of the high price of grain, while we have not made any advance in the price to the consumer.

The system seems to be in very thorough working order in all its details.

Respectfully submitted,
L. J. WILLIAMS, Chairman,
H. H. EVANS,
A. F. H. DUKES,

B. C. WEBB, Clerk.

State Board of Directors.

The stock on hand was taken on February 28th and March 1st by W. H. Sharpe, representing the committee, and H. H. Evans, representing the Board of Directors. All stock and supplies were actually exhibited, counted and valued. The institution is in excellent working condition. Book-keepers and all employees are up to the full measure of their respective duties. The head of each department is under proper bonds. This requirement was inaugurated by Commissioner Crum and was a great piece of business foresight, for which he is justly entitled to the commendation of the entire people. The Board of Directors have made a remarkably good record for the institution, and are in perfect harmony.

We feel that the book-keepers are over-worked and recommend that additional clerical help be employed.
